## About the Northern Colorado Medical Society

Established in 1903, the Northern Colorado Medical Society (NCMS) provides a forum for the discussion of social, scientific and legislative concerns affecting the health of local physicians and patients. We advocate on behalf of physician members and work to promote better health in northern Colorado. The Larimer County Medical Society and the Weld County Medical Society merged in 2014 to form the Northern Colorado Medical Society to better serve our region.

The mission of NCMS is to advocate on behalf of our physician members, to encourage a strong and healthy medical profession, and to improve the health and wellbeing of all people in our community.

### Serving our Community

Our directory, also available online, helps patients in our community find local physicians. Our website features local medical news stories, reports on events and links to other health organizations. Visit [www.nocomedsoc.org](http://www.nocomedsoc.org).

We provide educational opportunities for physician members, working to ensure that social trends and their impact on the health of the community are assimilated

into best practices. We participate in community initiatives that address health issues and serve on coalitions promoting better health.

In support of this mission, NCMS will:

- Provide an opportunity for all physician members to meet and discuss concerns.
- Promote high-quality health care to the community.
- Provide services that meet the needs of its members.
- Serve as a forum for health care information.
- Advocate for our members and patients in the public arena.
- Maintain a close working relationship with the Colorado Medical Society and strive to educate our local membership of our common objectives.
- Forge and maintain partnerships with the local health department, hospitals, health facilities, and other community organizations including the media in advocating for or responding to the health of our community.
- Maintain and provide an organization with the high standards necessary to fulfill the above purposes.

## Thanks to our Sponsors

NCMS thanks the following businesses who support northern Colorado physicians and patients through the Friends of NCMS program. For information on joining Friends of NCMS at one of

five tiers, go to [www.nocomedsoc.org/become-a-supporter](http://www.nocomedsoc.org/become-a-supporter) or contact NCMS at [nocomedsoc@gmail.com](mailto:nocomedsoc@gmail.com).

## Cover photo: Edward Norman, MD, NCMS Physician of the Year

The Northern Colorado Medical Society selected Edward Norman, MD, as the 2018-2019 NCMS Physician of the Year. Dr. Norman is a longtime leader in northern Colorado, most recently having served as Northern Colorado Regional Hospitalist Medical Director for Banner Health and vice-chair for Banner's

Department of Hospital Medicine, and for many years before that in the hospital setting, internal medicine practice, urgent care setting and emergency room. He served on the CMS Board of Directors from 2011 to 2017 and has served on the LCMS/NCMS Board of Directors since 1999. He was president of the Larimer County Medical Society in 2006.

**NCMS: Why did you choose to become a physician?**

TN: I became a physician mainly because nothing else was engaging me. Had I not gotten into medical school (and I applied after the deadline and still am not sure how I got in), I was planning to take a year and train in full-contact martial arts for excitement.

**NCMS: Please briefly describe your career path.**

TN: I started in a private multispecialty group as a traditional internist and was one of only three doctors in Loveland managing ICU patients. I then transitioned to a hospitalist position over the next 10 years, and continued in that role for another 10.

**NCMS: Why is it important to you to be involved in the Northern Colorado Medical Society and Colorado Medical Society?**

TN: I believe that involvement in the political process is critically important in a time when the non-clinical business side of medicine continues to expand with less and less thought paid to the humanistic side.

**NCMS: What other "extracurriculars" do you pursue that compliment your professional career?**

TN: I am currently volunteering at a clinic for the underinsured, St. Matthew's Clinic, which was started by a local emergency department physician.

**NCMS: What advice do you have for your colleagues and future physicians?**

TN: With all of the time demands placed on practicing physicians, make sure that anything you spend your time on is value-added to your patients' or family's lives.

*Thank you, Dr. Norman, for your dedication to patients in Northern Colorado.*

## Physicians: Your membership in CMS and NCMS matters

Membership with the Colorado Medical Society and Northern Colorado Medical Society is more than just belonging to a consortium of physicians. It means legislative, regulatory and legal advocacy, connectivity with your peers – outside of where you work, and personalized support at every stage of your career. **You focus on caring for patients. Let us fight the battles facing your profession.**

### ADVOCATE

Our team:

- Protects physicians' rights and the patients they serve
- Champions access to quality, cost-effective care
- Fights for physician priorities

### EDUCATE

- Award-winning communication gives you the information you need, when you need it
- Dynamic information exchange through Central Line gives you a direct voice on CMS policy
- Know Your Legal Rights compiles years of public policy victories for physicians to use in disputes with health plans
- Interactive events connect you with your peers

### NAVIGATE

Our team:

- Helps you understand today's health care system and prepares you for tomorrow
- Provides concierge practice support and continuing education focusing on clinical practice management and professional development

Renew your membership every year for your biggest return on investment, and encourage your colleagues to join our cause. Together, we can help champion health care issues of critical importance to you, your profession and our community to make Colorado the best state in which to provide and receive the safest, highest-quality and most cost-effective medical care.
