Established in 1903, the Northern Colorado Medical Society (NCMS) provides a forum for the discussion of social, scientific and legislative concerns affecting the health of local physicians and residents. We advocate on behalf of physician members and work to promote better health in northern Colorado. The Larimer County Medical Society and the Weld County Medical Society merged to form the Northern Colorado Medical Society to better serve our region.

The mission of NCMS is to advocate on behalf of our physician members and work to improve the health of patients in Larimer and Weld counties.

**Physician Locator on our Website**
We help you find the right physician through referral and provide information about a physician’s primary specialty, medical training and experience. Search the Physician Locator database on our website at www.nocomedsoc.org for help in finding local physicians. We promote quality patient outcomes.

**Working Toward a Healthy Future**
We provide educational opportunities for physician members, working actively to ensure that social trends and their impact on the health of the community are assimilated into best practices. We participate in community initiatives that address health issues and serve on coalitions promoting better health in the community.

**Providing Community Services on our Website**
Our directory provides a useful community service. Our website features local medical news stories, reports on our events, and provides links to other local, state and national health organizations. For more information, visit www.nocomedsoc.org.

Nominate the Next Physician of the Year

The NCMS Board of Directors is seeking nominations for the 2014 Northern Colorado Medical Society Physician of the Year, the society’s highest honor. The award will be presented at the NCMS Annual Meeting in December 2014.

The 2013 awardee was Mark Wallace, MD, MPH, the co-founder, board president, CEO and CMO for North Colorado Health Alliance in Greeley.
