Marriott Colorado Springs Colorado Springs, Colorado

program

movement disorders

SATURDAY June 2, 2018

8:00 am	REGISTRATION AND CONTINENTAL BREAKFAST	12:25	BUFFET LUNCH PROVIDED
		1:05	HYPERKINETIC DISORDERS:
8:30	DIFFERENTIAL DIAGNOSIS OF PARKINSONISM		DYSTONIA
		1:45	HYPERKINETIC DISORDERS:
9:10	PARKINSON'S DISEASE:		CHOREA AND TICS
	CURRENT AND FUTURE THERAPIES		
		2:15	DEEP BRAIN STIMULATION
10:15	NON-MOTOR FEATURES OF		FOR MOVEMENT DISORDERS
	PARKINSON'S DISEASE	2.50	OUESTIONS (ANSWERS
10.40	DDEAK	2:50	QUESTIONS/ANSWERS
10:40	BREAK		AND CASE PRESENTATIONS
10:50	RESTLESS LEGS SYNDROME	3:15	ADJOURN
11:10	TREMOR DISORDERS		
11:30	PSYCHIATRIC ASPECTS OF	P	LEASE FEEL FREE TO BRING
	MOVEMENT DISORDERS		CASES FOR DISCUSSION

12:05 pm **QUESTIONS AND ANSWERS**

conference location

Marriott Colorado Springs 5580 Tech Center Drive Colorado Springs, CO 80919 719-260-1800

general information

OVERVIEW

Movement disorders have become a defined sub-specialty of neurology. Movement disorders include Parkinson's disease and other forms of parkinsonism, essential tremor and other tremor disorders, restless legs syndrome, Tourette syndrome, tics, dystonia, Huntington's disease, tardive disorders and other hyperkinetic disorders.

The differential diagnosis and treatment of the various movement disorders can be a challenge. In addition to controlling motor symptoms, it is important to recognize and $treat\,the\,non-motor\,and\,psychiatric\,aspects\,of these\,disorders.$ This course will review the diagnosis and treatment of motor and non-motor symptoms of movement disorders, including the use of pharmacological interventions, botulinum toxin injections and deep brain stimulation.

TARGET AUDIENCE

This program is designed for physicians in practice and training as well as other health care professionals caring for persons with movement disorders.

LEARNING OBJECTIVES

Upon completion of this workshop, participants should be able to:

- Diagnose various parkinsonian syndromes
- Evaluate pharmacological treatment options for Parkinson's disease
- Identify the non-motor symptoms related to Parkinson's disease
- Recognize and diagnose restless legs syndrome and evaluate treatment options
- Differentiate various tremor disorders and select appropriate treatment options
- Diagnose and treat hyperkinetic movement disorders such as Huntington's disease, chorea, tics and **Tourette Syndrome**
- Evaluate the psychiatric aspects of movement disorders and review various treatment options
- Discuss the diagnosis and treatment of dystonia
- Recognize the differences between the various botulinum toxins and their appropriate use
- Determine appropriate candidates for deep brain stimulation and review outcomes and potential adverse events

REGISTRATION AND FEES

Advanced registration is requested. Fees include course materials, continental breakfast, lunch and refreshments and a syllabus.

Physicians	\$100
Non-physician healthcare professionals	\$50
Professionals in training including residents, fellows, students	. \$20

There will be no refunds made for this course.

PAYMENT BY CHECK, MASTERCARD OR VISA.

CME CREDIT

Accreditation

All participants are required to sign attendance rosters at the beginning of the day. A certificate of completion will be provided to all activity participants based on documentation of actual attendance time, meeting minimum attendance requirements specific to the activity, and payment in full. If you are not paid in full, your certificate will be mailed to you upon receipt of payment.

Physicians: The University of Kansas Medical Center Office of Continuing Medical Education and Professional Development is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The KU Medical Center Office of Continuing Medical Education designates this live activity for a maximum of 6.0 AMA PRA Category 1 Credits ™. Participants should claim only the credit commensurate with the extent of their participation in the activity.

Cancellation Policy

KU Continuing Education reserves the right to cancel the Movement Disorder Review Course and return all fees in the event of insufficient registration. The liability of the University of Kansas is limited to the registration fee. The University of Kansas will not be responsible for any losses incurred by registrants, including but not limited to airline cancellation charges or hotel deposits
