## Cover photo: Christie Reimer, MD, NCMS Physician of the Year

The Northern Colorado Medical Society selected Christie Reimer, MD, as the 2022 NCMS Physician of the Year. The Physician of the Year award is the society's highest honor.

Christie Reimer, MD, is a community-based primary care internal medicine physician and a clinician-educator. She keeps long-term relationships at the core of her medical practice, values engagement and is motivated by her students. She is a strong advocate for patients and a leader in medical associations and other groups.

*Q: Tell us a little about yourself and your career.*

*A:* I grew up in South Dakota where I went to college and medical school, did my residency and chief year in Kansas, earned a primary care faculty development fellowship certificate at Michigan State, and then was full-time medical school faculty at the Universities of Kansas and Iowa. In 2008 I moved to Colorado and joined Poudre Valley Internists, which has now transitioned to UCHealth Medical Group.

I like to do work that leads to change in our system that most positively impacts populations; I have thus dedicated a lot of time to working with the American College Physicians, the UCHealth Medical Group Board, and the Northern Colorado Medical Society.

When the University of Colorado School of Medicine and Colorado State University collaborated to launch a four-year branch campus here, I took the opportunity to play an active role in building this exciting program. I hope to engage students in our community, share the joy of walking through illness and health with patients, and model advocacy.

*Q: Why did you choose medicine and what's your favorite aspect of it?*

*A:* In college I was a chemistry major/math minor and was headed to graduate school for a career in research. The summer between my junior and senior year I spent three months working in a very small inorganic chemistry lab with no windows and the same five people every day. I learned a lot, and that included learning about myself; I really wanted to have a career in science that would allow me to interact with people. The people are still my favorite part: my patients, my team, my peers, and my learners.

*Physician of the Year Christie Reimer, MD, at the University of Colorado School of Medicine - Fort Collins Branch. Photos by Emily Davis Family Photography, Firestone, Colo.*

*Q: How do you hope to make a difference in medicine?*

*A:* I hope to make a difference at the individual level. I hope each patient feels heard when they see me. I hope that I can advocate for each one of them in a complicated system. I hope we can individualize and optimize their wellbeing during illness and during health.

*Q: If you could change one thing in your field or health care as a whole, what would it be?*

*A:* Every person deserves equitable access to affordable health care.

*Q: What drew you to work with medical students?*

*A: Having a learner in clinic makes my day better. Students bring a unique energy, they ask hard questions, they brighten our team dynamics, they remind me of why I entered this career pathway, they help patients in so many ways, and they make me feel optimistic about the future of medicine.*

*Q: You dedicated your Physician of the Year award to all NCMS member physicians; who inspires you?*

*A: In my acceptance speech at the NCMS Annual Meeting in February, I mentioned that this is the Year of the Physician. The whole medical community has been*

*impacted by the pandemic, and we are all recovering in different ways. Right now, I am most inspired by my peers who are focusing on improving disparities and discrimination, engaging in practices to mitigate climate change, addressing firearms-related deaths, and rebuilding trust. I am so very appreciative of my inner circle of doctor-mom friends who just get it and whose support enables me to be the best mom, friend, partner and physician that I can be; I learn from them every day.*

*Thank you, Dr. Reimer, for your dedication to patients, medical students and physicians in northern Colorado. Nominations for this award are accepted throughout the year. Go to [nocomedsoc.org](http://nocomedsoc.org) for more information about nominating an outstanding physician for 2023.*

## About the Northern Colorado Medical Society

# NORTHERN COLORADO MEDICAL SOCIETY

The Northern Colorado Medical Society provides a forum for the discussion of social, scientific and legislative concerns affecting the health of local physicians and patients. We advocate on behalf of physician members and work to promote better health in northern Colorado. The Larimer County Medical Society (established in 1903) and the Weld County Medical Society merged in 2014 to form the Northern Colorado Medical Society to better serve our region.

The mission of NCMS is to advocate on behalf of our physician members, to encourage a strong and healthy medical profession, and to improve the health and wellbeing of all people in our community.

NCMS condemns racism, injustice and discrimination in all forms. We stand united for diversity, equity and inclusion. We are committed to mutual respect, listening and understanding for our patients, physician colleagues and community.

### **Serving our community**

Our directory helps patients in our community find local physicians. Our website features local medical news, events and links to other health organizations. Visit [www.nocomedsoc.org](http://www.nocomedsoc.org).

We provide educational opportunities for physician members, working to ensure that social trends and their impact on the health of the community are assimilated into best practices.

We participate in community initiatives that address health issues and serve on coalitions promoting better health.

In support of our mission, NCMS will:

- Provide an opportunity for all physician members to meet and discuss concerns.
- Promote high-quality health care to the community.
- Provide services that meet the needs of our members.
- Serve as a forum for health care information.
- Advocate for our members and patients in the public arena.
- Maintain a close working relationship with the Colorado Medical Society and strive to educate our local membership of our common objectives.
- Forge and maintain partnerships with the local health departments, hospitals, health facilities, other community organizations and the media in advocating for or responding to the health of our community.
- Maintain and provide an organization with the high standards necessary to fulfill the above purposes.

## Is your doctor outstanding? Nominate the next Physician of the Year

Do you know a northern Colorado physician who goes above and beyond? Who provides our community with compassionate and caring medical service in practice, education or research; enhances the quality of his or her community; and/or serves as a credible role model to others?

The NCMS Board of Directors seeks nominations for the 2023 Northern Colorado Medical Society Physician of the Year, the society's highest honor. The nominee must be a member in good standing of the Northern Colorado Medical Society (graduate, active or emeritus). Unsure of membership? Contact us.

Nominate an outstanding physician today by Dec. 1, 2023; go to [nocomedsoc.org](http://nocomedsoc.org) to access the nomination form under the About tab.

## Larimer or Weld County high school graduates: Apply for the NCMS Legacy Scholarship

NCMS is proud to present an annual NCMS Legacy Scholarship, honoring NCMS members who have passed away.

Previously named the Michael P. Wiggins, MD Memorial Scholarship, the NCMS Legacy Scholarship is an unrestricted \$5,000 scholarship awarded annually to a graduate of a Larimer or Weld County high school who has been accepted to or who is currently enrolled in medical school.

### CRITERIA

- An applicant must be a graduate of a Larimer or Weld county high school, or if home schooled, must have graduated while living in Larimer or Weld county.
- An applicant must be accepted to a medical or osteopathic medical school or currently be attending medical school.
- Application materials (a cover letter and CV/resume) are due in the fall. Check the NCMS website for specific deadlines. Scholarship payment is made at or before the NCMS annual meeting in the winter. (Attendance is not required to receive the award.)

Members of the NCMS Board of Directors screen the applicants for final selection.

### HOW TO APPLY

Send a cover letter describing your aspirations in medicine and your CV/resume by e-mail to [nocomedsoc@gmail.com](mailto:nocomedsoc@gmail.com).

# Ways to get involved

Physicians join the Colorado Medical Society and the Northern Colorado Medical Society for a variety of reasons. We're thankful for all of our members! Below are 10 ways physicians can engage with the Society that works with your schedule and goals.

## 1. FOLLOW US ON SOCIAL MEDIA

- Instagram: <https://www.instagram.com/comedsoc/>
- LinkedIn: <https://www.linkedin.com/company/colorado-medical-society/>
- Twitter: <https://twitter.com/comedsoc>
- Facebook: <https://www.facebook.com/comedsoc>

## 2. ENGAGE IN SOCIETY POLICY FORMATION

All members can vote on and submit policy proposals directly to the CMS Board of Directors and our NCMS representative on the CMS Board of Directors through the award-winning engagement platform, Central Line. Watch your email for vote alerts or get involved here: [www.cms.org/articles/central-line-members-making-a-difference](http://www.cms.org/articles/central-line-members-making-a-difference)

## 3. CONTRIBUTE TO CMS

You have enough on your plate; let the CMS advocacy team do the work for you. Support our mission to promote the science and art of medicine by helping us win key legislative battles. This is made possible with your contributions to our political action committee and small donor committee. Contribute today at [www.members.cms.org/contribute](http://www.members.cms.org/contribute)

## 4. ATTEND A LOCAL NCMS EVENT

Component societies like the Northern Colorado Medical Society are regional medical societies of the Colorado Medical Society that offer excellent opportunities for advocacy, networking and community involvement. Membership in CMS and NCMS is unified, meaning you are automatically a member of both your local and state society. To see upcoming NCMS events, visit [www.nocomedsoc.org/events](http://www.nocomedsoc.org/events)

## 5. ACCESS MEMBER BENEFITS

The CMS Partners in Medicine program and the Friends of NCMS program connects industry leaders and physician members of CMS and NCMS to improve patient care and help physicians achieve personal and professional satisfaction. For more information, visit [www.cms.org/partners](http://www.cms.org/partners) and [www.nocomedsoc.org/become-a-supporter](http://www.nocomedsoc.org/become-a-supporter)

## 6. JOIN A CMS COMMITTEE, TASK FORCE OR SECTION

Affect change in medicine through collaboration with your peers on topics that are important to you. All CMS and NCMS Board of Directors and committee meetings are open to all members to attend; you are welcome and strongly encouraged to participate!

View all CMS groups here -- <http://www.cms.org/about/councils-and-committees/> -- and more information about the committee appointment process here -- <https://cms.org/articles/finding-your-place-your-pathway-to-committees-and-community>. See upcoming NCMS Board of Directors meetings at [www.nocomedsoc.org/events](http://www.nocomedsoc.org/events). Don't know where to start? Contact us at [membership@cms.org](mailto:membership@cms.org) and we can help you make the most of your membership.

## 7. ENGAGE WITH PEERS ON CURRENT ISSUES

Plan to join CMS for one of our in-person meetings around the state in 2022. Each meeting will have education on an important topic affecting physicians. See more information at [www.cms.org/events/cms-regional-summits-and-board-of-directors-meetings](http://www.cms.org/events/cms-regional-summits-and-board-of-directors-meetings)

## 8. TESTIFY & MEET WITH STATE LEGISLATORS

Professional testimony is a powerful tool in the legislature. To learn about and become involved in the key issues we are working on visit [www.cms.org/advocacy/public-policy-priorities](http://www.cms.org/advocacy/public-policy-priorities)

## 9. MEET NEW COLLEAGUES AT NETWORKING EVENTS

Connect with your peers; join the Colorado Medical society for an upcoming educational or social event. See all upcoming events here: [www.cms.org/events](http://www.cms.org/events)

## 10. ENGAGE WITH CMS LEADERSHIP

Feedback from members helps drive our agenda. Schedule a listening session with CMS leadership by contacting [membership@cms.org](mailto:membership@cms.org)

WHEN TREATING HYPERKALEMIA

GO WITH  
LOKELMA

THE #1 PRESCRIBED  
K<sup>+</sup> BINDER BY  
NEPHROLOGISTS<sup>1</sup>

Learn about the efficacy and safety of LOKELMA at [LOKELMA-HCP.com](http://LOKELMA-HCP.com).

#### INDICATION AND LIMITATION OF USE

LOKELMA is indicated for the treatment of hyperkalemia in adults. LOKELMA should not be used as an emergency treatment for life-threatening hyperkalemia because of its delayed onset of action.

#### IMPORTANT SAFETY INFORMATION FOR LOKELMA<sup>®</sup> (sodium zirconium cyclosilicate)

##### WARNINGS AND PRECAUTIONS:

- ▶ **Gastrointestinal Adverse Events in Patients with Motility Disorders:** Avoid LOKELMA in patients with severe constipation, bowel obstruction or impaction, including abnormal post-operative bowel motility disorders. LOKELMA has not been studied in patients with these conditions and it may be ineffective and may worsen gastrointestinal conditions
- ▶ **Edema:** Each 5-g dose of LOKELMA contains approximately 400 mg of sodium, but the extent of absorption by the patient is unknown. In clinical trials of LOKELMA in patients who were not on dialysis, edema was observed and was generally mild to moderate in severity and was more commonly seen in patients treated with 15 g once daily. Monitor for signs of edema, particularly in patients who should restrict their sodium intake or are prone to fluid overload (eg, heart failure or renal disease). Advise patients to adjust dietary sodium, if appropriate. Increase the dose of diuretics as needed

In a clinical trial of LOKELMA in patients on chronic hemodialysis in which most patients were treated with doses of 5 g to 10 g once daily on non-dialysis days, there was no difference in the mean change from baseline in interdialytic weight gain (a measure of fluid retention) between the LOKELMA and placebo groups

- ▶ **Hypokalemia in Patients on Hemodialysis:** Patients on hemodialysis may be prone to acute illness that can increase the risk of hypokalemia on LOKELMA (eg, illnesses associated with decreased oral intake, diarrhea). Consider adjusting LOKELMA dose based on potassium levels in these settings
- ▶ **Diagnostic Tests:** LOKELMA has radio-opaque properties and, therefore, may give the appearance typical of an imaging agent during abdominal X-ray procedures

**ADVERSE REACTIONS:** The most common adverse reaction in non-dialysis patients with LOKELMA was mild to moderate edema. In placebo-controlled trials up to 28 days, edema was reported in 4.4%, 5.9%, 16.1% of non-dialysis patients treated with 5 g, 10 g, and 15 g of LOKELMA once daily, respectively vs 2.4% of non-dialysis patients receiving placebo.

**DRUG INTERACTIONS:** LOKELMA can transiently increase gastric pH. In general, oral medications with pH-dependent solubility should be administered at least 2 hours before or 2 hours after LOKELMA. Spacing is not needed if it has been determined the concomitant medication does not exhibit pH-dependent solubility.
